Tridindia is providing impeccable voice over, dubbing & IVR Recording solutions that can give your audience an amazing listening and viewing experience in their native language. Our team has many years of experience in this industry and hence knows how to record properly in multiple languages without changing the context.

Here is some information about the types of dubbing we offer:

Documentary Videos

Webcast & Podcast

Commercial Advertisements

TV Shows & Films

Educational Videos

Corporate Videos

Being a leading language solutions service provider for more than two decades, we have gained immense knowledge and experience in this field. If you are in search of professional Voice over, Dubbing and IVR recording service provider then we would highly appreciate your first move towards us. Try us today and experience a difference in your work.

SUBTITLING & CAPTIONING SERVICES

Being a written abridgment of the spoken audio, subtitling and Captioning allows the viewers to clearly read and impeccably understand what is being said on the running video, even if they don't understand the language of the speakers. Subtitling and Captioning make your videos available for normal as well as deaf people.

Subtitling and Captioning will allow you to create videos that are globally accessible. Adding subtitles to your video will increase searchability to levels that are above your competitors and you will have a worldwide appeal.

Our team of native subtitling and Captioning experts is adept at delivering high-quality subtitles for corporate videos, informative videos, advertisements, TV shows, movies in around 150+ languages. We employ industry-specific quality control processes, terminology as well as other value-added quality assurance methods to ensure that your subtitles & captions are consistent and culturally accurate.

Our professionals are trained to deliver multilingual video subtitling and captioning services in more than 100 languages on various file formats to help any organization convey its message effectively across the globe. We render your subtitles and caption requirement not just to merely translate, but to localize it into the center stage of the audience's so that they're always visible, or embed them into the video so that they're visible only when selected in the player.

By partnering with us, you can get a one-stop solution for subtitling and captioning. According to the customer's needs, we are able to work on **closed captions, open captions & SRT files**. We are the preferred choice of different media houses, directors, production houses, and independent directors.

If your goal is to boost your global audience, enhance engagement, or make your content highly accessible, a professional Subtitling and captioning service provider like TridIndia can help you accomplish it.
